## The Maternushaus

### An oasis of calm in the middle of the city

The Maternushaus Conference Centre lies in the shadows of the cathedral spires, just five minutes walk from the main railway station.

The quality of the Maternushaus fulfills the requirements of a modern Conference Centre. Inviting and friendly, the Maternushaus awaits you with terraced floors bedecked in greenery and windows open to the light.

The Conference Centre is created around inner courtyards with fountains and gardens and intermingled with zones flooded with light for breaks. Its creative, relaxing atmosphere sets it aside from the normal meeting hotel. The Maternushaus won the architecture prize tendered by the City of Cologne and has been awarded the "3 Star Superior" accolade by the German Hotel and Restaurant Association.

### Conference and event rooms from 10 to 500 people

The Maternushaus offers you 13 different conference rooms. Various sizes, forms and furniture give every room an unmistakable flair. One thing they all have in common is their bright, friendly atmosphere, modern fittings and high-performance conference technology that is kept right up-to-date.

The heart of the conference centre is the octagonal Maternus Hall. Up to 500 guests can be seated under the tent-like roof, which gives a generous feeling of space. The Maternus Hall offers you a variety of uses, both for congresses and presentations as well as for concerts and festivals. Put together with the foyer at the front, you have a total of 1.100 m<sup>2</sup> of connected floor space for events and exhibitions.

High-quality furniture,  
modern art and technical  
equipment characterise  
the Maternushaus as an  
exceptional conference  
centre.

## Maria in der Aue

### Days in recuperative surroundings

Set aside from the big city bustle, although only 30 distant minutes by car from Cologne or Dusseldorf, the former hunting lodge of the Haniel family is located in the Bergisch Land region. The country house has retained its romantic charm and its stylish, exclusive atmosphere, without neglecting comfort or technical equipment. It is situated above a hill on a meadow in the middle of the Bergisch Land region.

Depending on the direction of the wind, you may hear the bells of Altenberg cathedral in the valley. The generously-sized south terrace offers magnificent views over the hilly countryside. If you look carefully into the woods above the mansion, you will see a high rope garden amongst the old trees. On request and under direction from trained coaches, the participants to your meeting can prove themselves as a team.

### Meeting and event rooms from 15 to 150 people

15 bright event rooms with a friendly design await you in Maria in der Aue. All rooms provide a free view into nature and are fitted with up-to-date conference technology.

From the very first moment, the harmony between the interior fittings and the building creates a motivating atmosphere which offers the best basis for successful training.

Regardless of whether you organise your own meeting on the meadow or participate in one of the mansion's own seminars (e.g. faith days, biblical sources, spiritual film exercises or relaxation and recuperation for men and women), your visit to the "Aue" will be a huge enrichment.

With meeting rooms from 33 to 175 m<sup>2</sup>, our house offers plenty of space for 15 to 150 people
